PREFERRED SPECIALTY MANAGEMENT POLICY

POLICY: Oncology – Abiraterone Acetate (Zytiga) Preferred Specialty Management Policy
- Zytiga® (abiraterone acetate tablets – Janssen Biotech, generics.)

REVIEW DATE: 01/06/2021

OVERVIEW

Abiraterone acetate is an androgen biosynthesis inhibitor that is indicated for use in metastatic **prostate cancer**, in combination with prednisone.

POLICY STATEMENT

This Preferred Specialty Management program has been developed to encourage the use of the Preferred Product. For all medications (Preferred and Non-Preferred), the patient is required to meet the standard *Oncology – Abiraterone Acetate (Zytiga) Prior Authorization Policy* criteria. The program also directs the patient to try the Preferred Product prior to the approval of the Non-Preferred Product. Requests for Non-Preferred Products will also be reviewed using the exception criteria (below). If the patient meets the standard *Oncology – Abiraterone Acetate (Zytiga) Prior Authorization Policy* criteria but has not tried a Preferred Product, approval for a Preferred Product will be authorized. All approvals are provided for the duration noted below.

Documentation: Documentation will be required where noted in the criteria as **[documentation required]**. Documentation may include, but is not limited to, chart notes, prescription claims records, and prescription receipts.

Automation: None

Preferred:	generic abiraterone acetate tablets
Non-Preferred:	Zytiga

RECOMMENDED EXCEPTION CRITERIA

Non-Preferred Product	Exception Criteria
Zytiga	**1.** Approve for 1 year if the patient meets ALL of the following (A, B, and C): **A)** Patient meets the standard *Oncology – Abiraterone Acetate (Zytiga) Prior Authorization Policy* criteria; AND **B)** Patient has tried generic abiraterone acetate tablets; AND **C)** The Brand product is being requested due to a formulation difference in the inactive ingredient(s) [e.g., difference in dyes, fillers, preservatives] between the Brand and the bioequivalent generic product which, per the prescriber, would result in a significant allergy or serious adverse reaction **[documentation required]**. **2.** For a patient who has met the *Oncology – Abiraterone Acetate (Zytiga) Prior Authorization Policy* criteria, but has not met exception criteria (1B) and/or (1C) for brand Zytiga: approve generic abiraterone acetate tablets.
